

FINGS[®]

A HANGING STORAGE SOLUTION TO ORGANISE YOUR BATHROOM, KITCHEN AND BEDROOM

SIMPLE

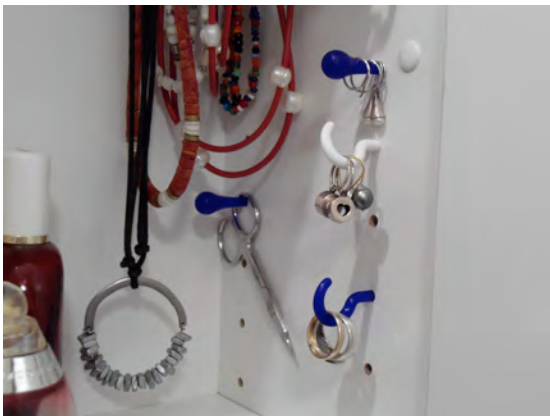

EASY

REUSABLE

Forget the toolkit and the adhesive strips, all you need is adjustable shelving and FINGS[™] hooks.

Insert FINGS[™] hooks into the pre-drilled 5mm hole in your cupboard or shelving unit.

Move your FINGS[™] hooks whenever you want, simply pull them out and re-insert again and again.

4 Different Designs

The Bar - 8cm long so it can hold spice packets, hair ties or a ball of string so it doesn't unravel.

The Hook - compact and curved so items won't fall off, great for scissors, earrings and kitchen utensils.

The Wishbone - is designed for your shaver, but can hang all kinds of things.

The Baby - perfect for hanging single items.
